

The mark of enduring quality

Hot Applied Thermoplastic

# Prismolux™ Ultrafect™

PRODUCT SHEET

## Built for a changing climate.

**Prismolux™ Ultrafect™** is a Type II hot applied thermoplastic, helping to **keep road users safe in wet and dark conditions**. This product has been formulated with unmatched wet night visibility, promising **a trusted solution with enhanced safety and hazard reduction**.

Wet weather can be highly dangerous for drivers, particularly at night, however Prismolux™ Ultrafect™ is designed to **improve visibility in rainy conditions**.

Prismolux™ Ultrafect™ is a **trusted choice** for wet night visibility that has been extensively used in Germany for **improving driver safety**.

Made with

**91%**

bio-based  
resins

Prismolux™ Ultrafect™ is **certified** for performance by **BAST**, achieving:

- **P7** for **durability**
- **R4** for **retroreflectivity**
- **RW5** for **wet night visibility**
- **Q5** for **day time visibility**
- **S1** for **skid resistance**

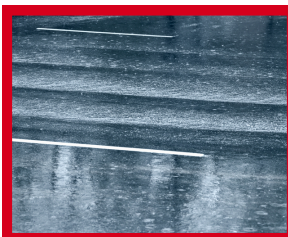

## Proven in the dark

Unmatched visibility in wet and dark conditions, improving driver visibility and maximising safety for road users.

## Reduced carbon footprint

Designed to extend service life using kinder ingredients, reducing your environmental impact through decreased maintenance-related emissions and road closures.

## Certified performance

Certified performance that achieves outstanding values for durability, retroreflectivity, and wet night visibility.
